Compass offers a confidential text messaging service to young people aged 11-18 across North Yorkshire.

The service was named in conjunction with young people and is called BUZZ US. By texting the service on [07520 631168](tel:07520631168) you will be able to receive confidential advice, support and signposting from a wellbeing worker within one working day via text. When you text BUZZ US you will receive a message letting you know if we are open or closed. Within this text it will also let you know what you can do if we are not open and you need help in the meantime. This includes information such as contacting your doctor, visiting a NHS walk-in centre or calling NHS 111. You can also look up your local child and adolescent mental health service (CAMHS) crisis number. Also remember that if it is an emergency dial 999 or visit A&E.

Once you have received the help you need we will close the conversation and ask for your feedback. Remember you can always text back at anytime in the future to get support if you need it. If you do ever text in again we will not know that it is you and it important to remember that we may ask some of the same questions again.

The service is open Monday - Thursday 9am-5pm and Friday 9am-4.30pm (excluding Bank Holidays).

ONLINE & MOBILE SAFETY

Passwords

- Make passwords difficult for others to guess.
- A strong password should be more than six characters long and include a combination of letters, numbers, and symbols.
- Try not to use the same password for every website, if someone guesses it, they will be able to access all your accounts.
- Don't use your personal information or that of anyone you know (e.g. child's name and dob).

Selective Sharing

- When you share something on social media it has potential to reach many people, may be shared by others & can still be seen even after you've deleted the post.
- Never reveal your address, personal telephone number or bank details on social media.
- Be cautious about posting photographs of yourself on social media, these can be saved and stored by others.

Privacy Settings

- Set your privacy settings to enable only 'friends' or 'followers' to see what you post.
- It's important to remember that setting your profile to private doesn't mean that your posts can't be seen by others.
- Friends could share the post to their network, for example, so remain cautious about what you're sharing.

Who Are You Talking To?

- Others may pretend to be someone they're not to extract personal information or convince people into doing things they don't want to do.
- Never send any personal information to someone you have never met in person.
- Never send anyone a photo or video that could leave you in a compromising situation.

Meeting in 'real life'

- Extreme caution should be taken when arranging to meet someone in 'real-life' for the first time.
- Always arrange to meet in a busy public place, such as a café.
- Always tell someone else who you are meeting, use apps like 'find my' on your device to track your location, or carry an airtag.
- If possible, take a friend, family member or carer along to the first meeting.

Avoid Online Scams

- It's important to be mindful of things that don't seem right.
- Remember, if something sounds too good to be true, it probably is!
- Sometimes it can be hard to know whether something is genuine or not. Unsure? Get a second opinion.

Truth or Lie?

- Many websites spread untrue or exaggerated news stories, often called 'clickbait' or 'fake news'.
- Don't assume the first thing you read is true, instead be open to reading different sources to get a more accurate overview.
- It's also worth bearing in mind that the posts your friends are sharing might not always give a true representation of their lives.

Respect Other People

- Occasionally on the internet people forget that behind every post is a real person.
- Your comments could upset someone without realising, don't say anything to anyone online that you wouldn't say to their face.
- Think before you post!

Report Any Issues

- You should never accept being abused, bullied or harassed online. Use the blocking tool on the apps help page.
- Tell a friend, family member, carer or support worker if you are worried about anything online.
- Abusing someone online is a criminal offence and you can report online abuse to the police. Contact your local police force by calling 101.

Keep a Healthy Balance

- The internet can be addictive, try to strike a healthy balance between the online and offline worlds.
- Keep connected to 'real world' friends and family.
- Keep your sleep health in check, switch off devices at night and take a rest!

Report Remove

Report Remove is here to help young people under 18 in the UK to confidentially report sexual images and videos of themselves and remove them from the internet.

How Report Remove works

Having your nudes shared can feel scary, and it can leave you feeling worried or even ashamed. **But it's not your fault.**

It's against the law for anyone to share a sexual image or video of someone who's under 18, and Childline are working with the Internet Watch Foundation (IWF) and Yoti to help you remove any sexual image or video of you that's online.

Report Remove is safe, easy and free – all you need to do is follow these steps: Visit <https://www.childline.org.uk/info-advice/bullying-abuse-safety/online-mobile-safety/report-remove/>

1. choose your age range.
2. create a Childline account so they can send you updates on your report
3. report your image or video to the Internet Watch Foundation (IWF)
4. talk to a Childline counsellor if you want any extra support, or access support on the Childline website
5. check your Childline locker a few days after your report to see if you need to add any more information and to see updates on your report
6. report any issues with this process by sending an email from your Childline locker with the subject 'Report Remove' and as much information about the problem as you can.

There are more than 40,000 Royal Air Force Air Cadets between the ages of 12 and 19 across the United Kingdom.

Being an Air Cadet improves career and employment prospects and also often helps with performance at school. It's also a lot of fun.

Being an Air Cadet is a rewarding and fulfilling experience.

To be an Air Cadet you must be 13 years old, or 12 years old if you're already in year 8 in school.

The latest you can join is before your 17th birthday.

Weekly meetings and costs

Squadrons across the UK meet twice a week. Each session lasts around two hours, usually from seven to nine in the evening. This means it should fit in easily with your other commitments and hobbies.

There's a small subscription to cover the running costs which is usually a few pounds per week.

Ready to join the Air Cadets?

All of the squadrons welcome personal visits by potential cadets (ideally accompanied by a parent or guardian), during one of their Parade Nights. Some squadrons recruit throughout the year, others have specific entry dates. Just go along and see if you like it.

Your local squadron will discuss what they do, show you a video of Air Cadet activities and answer any questions you or your parents or carer may have.

Find your local Squadron and complete the joining form online at www.raf.mod.uk/aircadets/find-a-squadron your local squadron will then get in touch.

Fun, Friendship, Action & Adventure | Army Cadets UK

Becoming an Army Cadet has heaps of benefits. The most obvious being that you get to take part in loads of exciting and challenging activities such as fieldcraft, adventure training, first aid, music, sports and shooting, to name but a few.

When you join as a cadet you will make lots of new friends and get the opportunity to go on annual camp where you will meet cadets from other detachments in your county. You may even get to go on expeditions to amazing places in the UK and sometimes even abroad.

The Army Cadet Syllabus will teach you leadership skills, discipline and give you self-confidence you never thought possible. You will learn a wide range of transferable skills such as: the ability to command tasks; make decisions under pressure; plan and organise tasks and work as an effective team player as well as independently. These skills will equip you for life and add an extra string to your bow at times when competition for college places and employment is fierce.

Through your cadet training you can also gain valuable qualifications such as the Duke of Edinburgh's Award, BTEC First Diploma in Public Services or Music or the ILM Certificate in Team Leading.

If you like the sound of all the above visit www.armycadets.com to find out more.

The CCF offers life changing experiences that no other extra-curricular activity can match. Joining the CCF provides so many opportunities to challenge yourself, develop your skills, and work as part of a team.

There are CCF contingents in over 500 secondary schools all over the UK, offering young people a broad range of challenging, exciting, adventurous and educational activities. Their aim is to enable the development of personal responsibility, leadership and self-discipline. Each CCF is an educational partnership between the school and the Ministry of Defence, and a CCF may include Royal Navy/Royal Marines, Army or Royal Air Force sections.

CCF units in schools give young people the life skills and self-confidence to take charge of their lives so they can reach their full potential at school and beyond, including in employment.

Each CCF is formed of sections from one or more of the Royal Navy/Royal Marines, Army or the Royal Air Force.

CCF Locations

Combined Cadet Force contingents exist in schools around the UK, and are open to pupils at that school. If your school does not have a CCF contingent, but you are interested in finding out more about the cadets, there are Sea Cadet, Army Cadet and Air Cadet units in the local community, which are not tied to a specific school.

This is for the gamers, skaters, bikers and bakers. The dress-makers, film-makers and change-makers. The just-out-of-bedders, wheelchair-racers, dancers, DJs and none-of-the-abovers.

Whoever you are, this is you and your friends sharing amazing experiences, having fun and just maybe changing your futures along the way.

The DofE helps to turn the things you love, and the things you've always wanted to try, into powerful lifelong skills that can help you get a job, change your community and take on anything life throws your way. And yes, there's going to be a bit of camping involved.

A DofE Award is not just a prestigious Award much desired by colleges, universities, and employers. It's recognition of the huge effort you've put in to doing it, the people you've helped and the skills you've learnt along the way. Be proud. Be an Achiever!

**St John
Ambulance**

CADETS

The St John's Ambulance Cadet programme gives young people aged 10-17 the opportunity to meet new people, learn new skills and build their confidence! Cadet groups typically meet once a week in the evening during school term time, where Cadets engage in fun activities to learn vital skills and develop lifesaving first aid knowledge.

The Cadet programme offers Cadets exciting opportunities, covering various topics and activities, including:

- Learning first aid, and the opportunity to practice these skills by volunteering at events

- Engaging in social action and helping your local community

- Learning about health and wellbeing

- Developing your confidence and communication skills through their additional Cadet Leadership courses

- Becoming a Peer Educator and helping to teach others first aid

- Enjoying a wide range of adventurous activities on a residential camp

These activities equip young people with essential skills like first aid, communication, teamwork, and leadership, fostering confidence, resilience, and critical thinking.

Within the Cadet programme, Cadets can work towards their Grand Prior's Award by completing 16 subjects. These subjects range from emergency planning, to patient care, leadership & teamwork, healthy relationships, and adventure skills – just to name a few! When all the aims and objectives within the subject are completed, it counts toward their Grand Prior's Award Total. Throughout the year, Cadet units run award ceremonies in their units to celebrate each Cadet's achievements.

And after completing their Grand Prior's Award, Cadets have further opportunities to develop their skills, such as in helping to plan and lead their weekly meeting sessions!

Many Cadets join St John Ambulance to gain relevant experience before pursuing a career as a paramedic or health care professional. With so many different activities to get involved with, there is something for everyone.
